

A multidisciplinary approach for all stages of the mine life cycle

RPA-SLR provides services to the mining industry at all stages of project development, from exploration and resource evaluation, through scoping studies, prefeasibility and feasibility studies, financing, permitting, construction, operation, closure and rehabilitation.

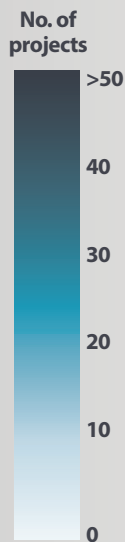

Our service offerings include:

- **Mineral Resources Mineral Reserves (CIM, JORC, SAMREC ...)**
- **Mining & Processing**
- **Mineral Property Valuations**
- **Financial & Technical Evaluation**
- **Independent Engineer & Expert Witness**
- **Technical Reporting (NI 43-101) & Regulatory Filings**
- **Environmental Impact Assessment, Audit, Monitoring & Analysis**

We have a strong participation in the mining industry:

The Mineral Resources & Mineral Reserves (MRMR) CIM Committee | Convention Planning Committee for PDAC
 The Special Committee on the Valuation of Mineral Properties (CIMVAL) | Representative of CIM in CRIRSCO

Extensive project experience in South America:

More than **80%** of our business in South America is repeat business

RPA has been working in South America on Mining Projects for **more than 25 years**

RPA has completed more than **450 projects** in South America

Many **members** of the technical team are **fluent in Spanish** and have worked in mines and on exploration projects in South America

Projects we've worked on in South America:

Loma Larga – INV Metals • Ayawilca – Tinka Resources • Cerro Lindo – Nexa • Fruta del Norte - Lundin Gold
 Lagunas Norte – Barrick Gold • Jacobina – Yamana • Vazante – Nexa • Veladero – Barrick
 Gualcamayo – Mineros • El Bagre – Mineros

Our course offerings for PDAC 2020:
